---

Experience

Full Stack Intern
Eskills Web, Indore | Dec 2024 – Present

- Developed fully responsive web applications using React.js and Tailwind CSS

- Integrated and optimized REST APIs for smooth front-end/back-end interaction

- Managed application state using Redux

- Collaborated in UI/UX design and agile sprint reviews; used Git for version control

---

Projects

Daily Dabba — MERN Stack Food Ordering App

- Created authentication flow, dynamic cart system, and role-based admin panel

- Designed responsive UI with Tailwind CSS

- Optimized Express.js APIs and MongoDB queries for performance

- GitHub: [Add GitHub link]

Crypto Bazar — Real-Time Crypto Dashboard

- Integrated live crypto market APIs for dynamic data updates

- Developed reusable UI components with React

- Boosted user engagement by 70% through responsive layout and performance tuning

- GitHub: [Add GitHub link]

Leadership & Activities

Group Discussion Leader
Led a discussion on "Offline vs Online Stores," encouraging team participation and
summarizing key insights effectively.
